

El Yoga de Jesus - The Yoga of Jesus, Spanish (Spanish Edition)

In this remarkable book, Paramahansa Yogananda reveals the hidden yoga of the Gospels and confirms that Jesus, like the ancient sages and masters of the East, not only knew yoga but taught this universal science of God-realization to his closest disciples. Compiled from the authors highly praised two-volume work, *The Second Coming of Christ: The Resurrection of the Christ Within You*, this insightful and compact book transcends the centuries of dogma and misunderstanding that have obscured the original teachings of Jesus, showing that he taught a unifying path by which seekers of all faiths can enter the kingdom of God. Topics include: The lost years of Jesus in India The correlation between to be born again and karma and reincarnation The relationship between the chakras and the seven seals described by St. John in *The Book of Revelation* The true meaning of baptism. En esta extraordinaria obra, Paramahansa Yogananda revela la ciencia del yoga que se halla oculta en los Evangelios y confirma que Jesús al igual que los antiguos sabios y maestros de Oriente no solo conocía el yoga, sino que enseñó a sus discípulos más cercanos esta ciencia universal cuya finalidad es alcanzar la unión con Dios. Este libro es una concisa recopilación de una obra profusamente elogiada del autor y publicada en dos volúmenes, *The Second Coming of Christ: The Resurrection of the Christ Within You* [La Segunda Venida de Cristo: La resurrección del Cristo que mora en tu interior], cuya profunda visión espiritual trasciende los siglos de dogmas e interpretaciones erróneas que han ensombrecido las enseñanzas originales de Jesús, y muestra que enseña un sendero unificador por medio del cual los buscadores de todas las religiones tienen la posibilidad de entrar en el reino de Dios.
