

Aircraft Pictures Vol. 8: General Aviation & Corporate Aviation

Aircraft Pictures Vol. 8 contains 50 images, from the photo collection of the author, of General Aviation and Corporate Aviation aircraft. This book is for the lovers of Aviation History, particularly airplane spotters, and those who like to look at airplane pictures. Young and old alike will love these awesome pictures. Complete with captions that contain information about the aircraft, with location, and other pertinent information. I normally tell what aircraft are included in the book, but there are too many to list here. This book is the eighth in a series of photo books that deal with Aviation and Aviation History. They will touch all aspects of the Aviation World, from Military aviation and Civil aviation. Be sure and pick them all up as they become available.
