A new guy in town. Rumors of witchcraft. And a doomed first love. This is where the haunting saga begins...The breathtaking first installment of the popular Spellbound saga is the start of Shiloh's harrowing journey into a terrifying world of magic and haunting romance. Ravenwood isn't like other small towns, it's a secret community nestled deep within the woods, where forces of both good and evil reside. And Shiloh Trudell isn't like other sixteen-year-old girls. She's a heritage witch with psychic powers, who can communicate with the dead. So when she takes a summer job at the haunted Craven Manor, her life takes a frightening turn after she encounters a ghost with a serious attitude problem, and a demon with an even sinister agenda. As if things weren't complicated enough, enter smokin' hot Trent Donovan, a boy who makes her heart pump faster and yearn for some normalcy. But after stumbling upon a supernatural murder mystery that only she can solve, Shiloh sees her chance at a normal life slipping further away. Between dating the hottest guy in town, fending off soul-sucking demons, and studying magick, Shiloh finds herself on the verge of uncovering a shocking secret that the others in town have vowed to protect at all costs.
