

Love and War Part 2 (The Underworld Coven)

The police don't believe anyone's after Helaine, but when she needs him most, the handsome stranger from the sex club appears to save her. With nowhere else to hide, Helaine takes up residence in the BDSM club with Creed and his unusual band of warriors. After barely surviving the last attack from the Corrupt, Creed now knows two things. One, the demons no longer care if humans see them. And two, they seem to know his every move. The Corrupt leader has Creed in her sights and she's closing in. The power of the Ancient, a demon god who knows no bounds, grows stronger, but her patience wears thin, leading her to launch an attack that leaves Creed and the Crux Coven reeling.
