

Smoke and Mirrors (Hollywood Knights Book 1)

After the loss of her friend and former lover, Jenny Marshall decides to trade her old life in northern Florida for a new one on the outskirts of Los Angeles. Even though she's been in L.A. for a few months, she's still adjusting to the city and her new cadre of misfit friends, including her new roommate, Seth Webber, who happens to be not only her high school crush but also the front man for Tangled Web, one of the hottest rock bands on the planet. On top of everything else, Jenny lands her first case as a licensed California detective before she even has a chance to unpack. A twenty-year veteran of the world of private investigations, Jenny is good at what she does--maybe even one of the best. Still, the missing persons case she finds herself embroiled in presents some unique challenges...and eventually leads her down a path she'd once sworn to herself she'd never follow. **Smoke and Mirrors is the first in the Hollywood Knights series, which follows the events in the Jukebox Heroes series.**
