

The Call to Live a Symbolic Life

Primarily using the archetypes of the Healer, the Mystic, and the Lover, in this audio program Caroline Myss introduces you to the power of symbolic sight, a new language of spiritual interpretation, to help you become fluent in understanding yourself and your life's mission. Learning to symbolically read the archetypal patterns that influence your energy is a natural complement to working with the energy of chakras. These eternal patterns populate your mind and life in all areas, from relationships, to creativity, to personality traits, providing you with an expanded sense of who you are according to a grand cosmic profile. The call to live a symbolic life is the clearest way to describe what it means to follow a spiritual path that opens one's soul and psyche simultaneously.
