

Norfolk & Western Passenger Service: 1946-1971

This is the revised and improved edition (2000) of Bill Warden's 1990 book. N & W passenger service was never second best and was treated with great care by the railroad. This volume focuses closely on the era between the end of WW11 and the end of the steam era on the original N & W. This is a complete revision of the much smaller 1990 edition.
