Damian rescues her from the Black God in time to complete a ceremony that will bind her to him for eternity. Sofia struggles with her new world and her role as an oracle and Damians mate while haunted by a mysterious man from Damians past whos supposed to be dead. Unbeknownst to her, her link to the dead man may be all that saves Damian, his Guardians, and the fate of humanity. While he wants nothing more than for the petite beauty to take her place at his side like the oracles of legend did his White God forefathers, Damian cant quite rationalize having to win her over instead of command her. Further complicating his life is the sobering realization that there are spies in his organization who are helping the Black God take out his Guardians. Damian must help Sofia reach her potential fast, especially when a threat from his past returns. Includes exclusive excerpt from Damians Assassin, Book II in the War of Gods series.
