

Leader Of The Band

Sandra Harris wife, astronomer (known for discovering the planet Athena), television phenomenon, and professional searcher after truth has had an epiphany. She leaves her boring attorney husband and runs off with Mad Jack Stubbs, her trumpet-playing lover, and his groupie entourage, for a tour of Southern France. Pursued by her husband, Mad Jacks wife, and the paparazzi, Sandra lives entirely for the moment and great sex. In between, she ponders her past (institutionalized mother, Nazi war criminal father) while trying to ignore the deafening tick of her biological clock... Now in her ninth decade, Fay Weldon is one of the foremost chroniclers of our time, a novelist who spoke to an entire generation of women by daring to say the things that no one else would. Her work ranges over novels, short stories, childrens books, nonfiction, journalism, television, radio, and the stage. She was awarded a CBE in 2001.
