The very handsome Dr. Jonathan Van Graf, owner of Moonrise Manor, has sworn not to harm Stephanie, and he offers room and board to her ailing mother as well. And those eyes, those gorgeous blue eyes. But the mansion is a crazy place populated by stranger things than the undead, including a Morticia Addams lookalike named Leech and a film crew making a docudrama to show the world that Vampires are just regular folks. Except, one of them is murdered the same day Steph and her mom move in. When bite marks appear on someone Stephanie cares about, she finds herself thrust into a real whodunit, or a whos-sucking-on-whom. Is it possible Dr. Van Graf is everything she fearedor is he the hero shes never dared to create in her novels?
