

The Defiant Heart

A maiden of Ireland enslaved ... Seized during a brutal attack on her homeland, Ailinn vows to remain forever defiant against her Norse captors, no matter the future that awaits her or the handsome Dane with snow-bright hair who suddenly appears in her life. A shining warrior of the North ... When Lyting Atlison encounters the autumn-fire beauty in shackles, he vows to free her. Discovering the fate his kinsmen intend for the maid, he undertakes a private mission in order to join the fleet that will bear her to distant lands. Now as the Norse host sets sail for the lands of the Rus and the glittering courts of Byzantium, untold perils await ... as does a journey of passion and discovery ... and a love no chains can bind.
