

Redeem the Bear (Bear Valley Shifters Book 5)

In the gripping final book in the Bear Valley Shifters saga, Corin Dunbar is still living with the ghost of the boy who died saving her life from the wrath of the Long Claws ten years ago. Unable to move on, she's settled in the sanctuary of Bear Valley with the other bear shifters she has grown to rely on. On the eve of war with the murderous clan, she encounters a familiar man outside her camp. He's colder than she remembers. He's now the alpha of the clan she is about to go to war with. But she's desperate to find out if he's the boy she used to know. Brooks Butler has fought hard to become alpha of the most feared bear shifters in the world, and just in time to lead his people into an epic battle against the enemy Bear Valley. Unfortunately, a beautiful woman who swears he's someone else won't leave him alone. He doesn't have time for a meddling female to mess with his head, but a night in her arms makes him question everything. Determined to prove his place, Brooks will bring the remaining bear shifters together for one final legendary showdown. Yet the mysteries surrounding Corin confound him, and her beauty beguiles him. If he can unravel the secrets between them before the battle takes place, he just might have a shot at redemption. Content Warning: explicit love scenes and language. Adult only bear shifter adventure.
