

A Hunters Demon (The Hunters Dagger Series)

(prequel novella of A Hunters Angel): See where it all began. With people disappearing from Philadelphia's night streets, the Vampire Council fears they have a rogue on their hands. Special Agent Ian McHenry isn't all that he seems. Not only is he the FBI's expert on serial killers, he's also the Council's go-to vampire hunter. Detective Grace Wallace is tired of the FBI not believing her theory they have a serial killer on the loose until Ian shows up on the case. Nothing prepared her for the instant attraction to the darkly handsome Irishman. As they close in on the killer, Ian's desire for Grace grows stronger. But if he can't control his inner demon, this true nature will destroy his only chance at love.
