

Dirty Little Lies (A Billionaire Romance) (Dirty Little Series Book 2)

Ben Williams is a billionaire CEO at the top of his game. He's a handsome, eligible bachelor who could have any woman except the one he wants. Marisa Blake is the love of his life, the one who got away. Ben is willing to do whatever it takes to win her back. Marisa is a young entrepreneur whose family is falling apart. Her parents are involved in a well-publicized scandal, and both her and her sister's names are being dragged through the mud. Just when she thinks things can't get any worse, Ben shows up at her doorstep. He was her college boyfriend, and a serial cheater. Great sex is the only thing they ever had in common, and Marisa is determined to keep things physical. Still, she finds herself falling for him. Again. When a stranger blackmails Marisa with information that will destroy what's left of her family, Marisa is forced to make a decision: sacrifice Ben to protect her sister, or forsake her family to follow her heart? It's not long before Marisa gets caught up in some dirty little lies. Dirty Little Lies is a stand-alone story - no cliffhangers - and the first book in the Dirty Little Series.
