Im impressed.Im a writer too and this is very well written, comprehensive, detailed, solid and packed full of information that I can take action on.In other words, its a keeper and I have no doubt that I will be able to find and enlist affiliates to work with me!The sample affiliate emails were VERY helpful as was the part about looking at my affiliate program from the point of view of the affiliate and what THEY want. This is how it should be but something I hadnt thought through.- DanIm not going to beat about the bush... The resources alone are worth more than the price. Glad I grabbed a copy.- Ron KillianIve never seriously considered setting up an affiliate program because it seemed like it would be too much work to find affiliates. Plus, I have never found anything that really explained all the ins and out of getting affiliates.After reading Richards book, I am excited about the

possibility of setting up my own affiliate program in the future because I now know exactly how to find some potentially great affiliates. Richard lays out all the steps clearly with excellent tips and examples for contacting potential affiliates. Not only does he tell you what to do, he also gives you the logic behind doing it which is very helpful. This report is a must-buy for anyone who is serious about growing their affiliate program or for someone who is on the fence about starting one. - Jenny Dunham

Well, it took a while to get through this. I found myself re-reading many paragraphs over again to make sure the sank in! Its a very detailed, well thought out guide that is what I would expect to pay \$30-\$50 or more for. The time it saves you from doing countless hours of research, trial and error, testing, etc. is priceless. Im just now ready to start looking for affiliates and this is absolutely going to be my bible. Putting 20% of this into effect should pay for this guide many, many times over. Getting one good affiliate is like gold, getting a bunch can be the whole jackpot! - Mark
