

Driving Performance: Empowering People & Unleashing Potential

High levels of performance in business, sport, school and life in general are synonymous with unleashing human potential. Driving Performance aims to introduce leaders, managers, teachers and parents to the art and science of motivating individuals and teams to reach their potential. It draws on the latest in brain research and human motivation. The journey to achieving full potential starts with reflection and self discovery and leads to happiness, fulfilment as well as achieving the business targets. The book has very easy to follow practical exercises that can be practised in any life situation.

Energise, empower and engage your Hong Kong hospitality workforce with these best practices tips to unleash their full potential.
