

Fast and Furious

Allie likes things fastcars, men, as well as every aspect of her life. She lives for the moment, which is probably how she found herself waist deep in the middle of a Russian drug cartel. As an undercover cop, she thought she had things well in hand. She was wrong. Three Navy Seals are sent in by Allie's father, SECNAV, to assess the situation. There's concern Allie is in serious danger, and her father wants her out; preferably in one piece. Chase, Logan, and Blaine are all attracted to her, but she will become much more to one of them. Unfortunately for Allie, witness relocation isn't an option. The Russians can always find them. For Allie to get out, she'll have to bring them down.
