

## Emerald Street (Wounded Soldiers Book 3)

A country with a rich history and a tumultuous future. Will the region bring them together or tear them apart...again? Jack Williams wakes from a coma to find the girl of his dreams, yet she is nothing like he expected. Brown hair instead of blond, green eyes instead of blue. She is different, but she is everything. Raylyn Morrison is a nurse who has fallen in love with her patient. Then incoherent words mumbled in sleep tear her world apart. Leaving him is the hardest decision of her life. Chiapas, Mexico, is the perfect setting to forget her loss and work on her future. But when Jack reappears two years later, she worries her heart will break again. But after so much time has passed, she should be over him. Right? Do her fears have a foundation or should she give in and allow herself to love him once more?
