

Nights Embrace (Others of Seattle Book 1)

A song changed her life forever. Roxana Nights was late to another gig, thanks to her first love, and drummer. She left him years ago but he won't let her go. Then she hears a voice that captivates her. Trevor Malone recently moved to Seattle with his band. Music is his only passion, until he lays eyes on Roxana. The pull to her is irresistible. He's terrified she won't accept the beast within. A rival werewolf pack followed Trevor's band to the states. Unwilling to let grudges die, they target Roxana. One tragic mistake shatters her perception, showing her the fantasy world she writes is closer to reality. Unleashed magic courses through her veins, and not all monsters are evil. Will the truth in his past shatter their love? Or can Roxana accept what she is in time to save them all?
