

## Challenge Accepted

After being shamed for her dominant desires too many times, Christine has resolved never to date a vanilla man again. She needs a man who knows hes submissive, and shes determined to hold out until she finds one.Until she meets Sam, that is. Christine cant bring herself to turn down the handsome parkour aficionado, so instead she tries to scare him off with an intensely kinky first date.When Sam meets her extreme challenges head-on, Christine must decide if he can become the man to serve her every need--in the bedroom, and in her life.Copyright Annabeth Leong
