

The Laws of Kings (Volume 1)

Dace is one of four brothers of the Colletto crime family. His father has been running the family without issue for decades, but now someone is out to prove that the old mans time to retire has come. Daces older brother, Michael, is far from interested in taking over. However, Ettore, the second oldest is primed and ready to seize command. Dace is forced to choose between his vivacious brother, Michael, and the malicious Ettore. No matter his choice, his prime interest is protecting his little brother Antony from getting into more trouble than he already has, all the while trying to keep himself from the beautifully tempting, female detective, Austin Reed.
