

The One (The Halo Series) (Volume 2)

Avery Scott is a hopeless romantic, the complete opposite of his best friend, Easton. For most of his life, he's been searching for that someone special to spend the rest of his life with. The problem is, he's had nothing but bad first dates with crazy women he's met online or at his bar, Halo. When he hears about a singles cruise, his plan is to meet a lot of single women, to test the waters, but when a blonde consumes his every thought, he throws that plan overboard. Nicole Chambers has had her fair share of heartbreaks. She's tired of being single or dating guys with girlfriends. She wants to find The One. So she convinces her best friend, Brooke, to go on a singles cruise with her. What she doesn't expect is to fall head over heels with the first guy she meets. But what happens once the cruise ends? Life isn't always fairytales and rainbows. And meeting The One doesn't always mean finding your happily ever after. Because life can give you a precious gift and then dangle it in front of your eyes and you're left questioning where to go with your future or if you even have one.
