

Falling for Kalli

Im tainted. Im a manwhore. I dont deserve her. Im not good enough. How in hell did I let myself fall in love with her? During my 23 years I never thought I would find The One. Between witnessing my mother being used and abused by men for as long as I can remember and my only serious girlfriend cheating on me, its fair to say that Ive become disillusioned when it comes to relationships. I sleep around, I use women for sex, I dont think twice before taking someone to bed. Well, until I met her. She is the only person who has ever really made me feel something other than numb. But fate was against me, I fucked up and now Ive lost her How in hell did this happen to me? Hes ruined me for anybody else. Im addicted to him. I need him. I love him. Ive always had trust issues; my family lied to me, my ex lied to me, hell, Im sure my cats even lied to me. I had written off relationships and truly caring for people, until I met him. The closer I got to him, the more I fell for him. Then he lied. He broke my two rules: no cheating and no lying. Now I dont know if Ill be able to forgive him... Born to dysfunctional families, Mason and Kalli had first hand experience of disastrous relationships. But against all odds, they find each other and cannot deny their instant attraction or their feelings. But what happens when Mason falls back into old habits and destroys the trust theyve built? Will Kalli be able to move past her cardinal rules and learn to forgive or are they both doomed to repeat the mistakes of their ancestors?
