

Twelve Dances

When Clara adds a brand new nutcracker to her favorite Christmas collection, she immediately starts having vivid, recurring dreams about her twelve wooden princes. As the holiday nears, her infatuation with the new nutcracker grows into a flirtation that sets the rest of the little soldiers against her. Dancing through an impossibly real battle in her sleep and dodging her infuriating family during the day, Clara's holidays take a spin toward disaster. If she can survive both and make it to Christmas Eve in one piece, will Clara get to dance with the one prince she actually wants? And even if she does, what happens when the holiday passes and the nutcrackers are packed away for another year?

Divinities: Twelve Dances with God (1995) is the second studio album by Jethro Tull. All 12 tracks are instrumental and are influenced by different ethnic musical styles.
