

## Winter Storms

Two years ago Carly Roberts split from her lover, Daniel Edwards, after he caused a terrible sailing accident that cost her both the use of her right leg and her Olympic dreams. Unable to watch his climb to double Olympic success, she stayed in the Cornish village they grew up in, while he travelled the world. Racked with guilt, knowing he destroyed her future, Daniel has finally returned home to make amends. But he didn't expect to fall in love with her again. Carly has her own life now and it doesn't include him. She can't forgive him for the catastrophic injuries that changed her life. While the storms of a Cornish winter lash their village home, can Daniel persuade her to give him a second chance? This is a new release of a previously published edition.
