

Kissed by Fire: A Sunwalker Saga Novel, Book 2

Vampire bounty hunter Morgan Bailey needs a break. A girl can handle only so much drama - and her latest assignments have definitely brought the drama. So when her boss mentions an assignment in London, Morgan jumps at the chance to get back to her roots and do what she does best: a good old-fashioned vamp hunt. She should have known better. Once she crosses the pond, she encounters something she never expected to see: dragons. It seems they might not be so extinct after all. In Shea MacLeods electrifying follow-up to *Kissed by Darkness*, it turns out Morgans one chance of preventing certain carnage if the dragons are unleashed is to confront the truth about her own past, and about the darkness growing inside of her.
