Some mistakes are worth repeating Tasha Riordans one night with Luc Bradshaw was the best of her life. The following two when he left her to be thrown into a Bahamian jail on bogus charges were her worst. Now, seven years later, the undercover DEA agent is back. Invading her town. Her restaurant. Her fantasies. She cant trust a man who lied to her. Yet neither can she trust herself not when their chemistry burns even hotter than before. Learning he has two half brothers shocks Luc. Discovering they live in the same town as Tasha thats a different kind of thrill. Their mutual lust is still off the charts, but he cant get her to listen to his side of what happened on that long-ago night. Good thing hes got powers of persuasion that go deeper than words. Because nothing has ever felt this right.
