

Dare (Naughty Neighbors Book 2)

It all started with a seemingly innocuous text: Pizza and a movie? But recent college grad Melanie Robles knows her neighbor is offering more than just a friendly invitation to come over after work. After months of enjoying friends with benefits status (and lots of cold pizza) she knows the toppings he orders will dictate their evenings sensual activities and she can't wait to find out what's on the menu tonight. Warning: Friday night pizza nights will be a thousand percent hotter from now on and you'll never think of a combination pizza the same way again. This erotic romance includes two naughty neighbors who, with some imagination and a lot of trust, dare to act out their wildest fantasy.
