

Once Upon Another Time: An Anthology of Tales (Once Upon a Time-Travel Book 4)

Four erotic stories of love across time

Mirrorlight When Cora Games is abandoned in England at a haunted castle, she feels very sorry for herself until she sees the sexy man in the mirror that only appears to her. And when she finds out that she can touch him, he suddenly becomes more than a fantasy. But how can she fight for a man that doesn't exist in her time?

Shimmerlight Chloe Sorensens just started a brand new job at Ms. Muffets art gallery. However, no one told her that the latest auction piece a sculpture of a handsome Roman soldier comes to life. Think it's hard to explain to your boss why you're fondling a statue? Try explaining to the statue why you're holding his, uh, fig leaf.

Darklight When Rose Hawthorne accepts the task that her fairy godmother sets upon her, it seems straightforward enough: steal a flower from the underworld. Now, she's been kidnapped by an all-too seductive dark god who wants to teach her all the exquisite ways of passion and Rose wants more than anything to be his willing pupil.

Sunlight - There's a few problems with the new Rapunzel on the block. For one, her hair is enchanted to grow at the slightest hint of sunlight. And her handsome prince? Not so handsome. But he's accompanied by a big, burly Scotsman who makes a girl's heart flutter wildly. With Callum's help, Rapunzel just might lick this curse thing. Once she stops licking Callum's muscles, of course
