

A Darker Shade of Dawn (Beneath the Veil Book 3)

The much anticipated third installment in the Beneath the Veil series *A Darker Shade of Dawn* travels from the sand dunes of ancient Persia, to an upscale house of bondage in New York City. Readers will be left breathless as more of our altered world is revealed... Most cultures revere pure women. Being called virginal is a compliment and women who sleep around are considered cheap. So where does that leave a two-thousand year old succubus? Roschana has pretty much given up on finding a lifemate. No man wants to be compared to an army of lovers that came before him. Talk about an ego crusher. So Roxy works weekends at The Mill, hiding her true identity and playing dominatrix while feeding off the sexual energy of repressed investment bankers. But her biggest secret of all is that she still longs for true love. Noah is an astronomer working at Columbia University. He's a self-proclaimed nerd and knows more about the stars than he does about people. Now that the population has just expanded to include monsters, he's even more lost. A chance encounter in the night world opens up new possibilities for both of them, but something is stalking Roschana's sisters. The Ripper has returned with a vengeance, intent on eliminating all succubae before again pursuing his favorite prey: humans. Everyone is a suspect as ghosts from the past demand justice and love is challenged to forgive or die. This novella is approximately 29,400 words. It is the third installment in the Beneath the Veil series beginning with *A Kiss Beneath the Veil*. Each novella will expand on this world and include cameos from characters introduced in other parts of the series, but each book can easily stand alone. Watch for book four, *A Heart of Stone* and *Fire* June 2013.
