Simon Hamm was a run of the mill con man, lying, cheating and stealing his way through life until met Marilyn, a vampire. Enthralled by her power, he courted her and made her fall in love with him, whereupon Hamm was reborn as a child of the night and Marilyn was dead by his hand. Unwilling to play by the rules, Hamm turned rogue and cut a bloody trail across Britain in his quest to build himself a private army of vampires, courting the wrath of the vampire council in the process. Employed by MI5 to police the supernatural community, Frankie Wrights life is far from normal but when Joshua asks for her help in tracking Hamm down, her life quickly begins to spiral out of control. Forced to stay away from her boyfriend, Frankie begins to realise just how important Alex is to her but deceived and betrayed, she soon finds herself fighting not only to bring down Hamm but for the right to even exist.
