

Safe (Conquering Book 1)

Moving to Williamsfield, Georgia is not what she wants its what she needs. An escape from him. After being brutally abused for years, Sadie seeks sanctuary and safety. But can she ever be safe when evil has his eyes on her from afar. Landon doesn't want a relationship. He's been burned too badly to want anything more from a woman than the physical, but one look at Sadie and he's rethinking everything. Can trust be formed when it's been so beaten down? Can love conquer fears? What happens when evil doesn't give up? Can Sadie ever really be safe? **Please note. This book contains the very difficult subject of physical abuse and has a nonconsensual sexual scene. It also has a very strong woman who learns to heal from these acts and finds the kind of love we all dream of having.
