

Peyton 313: Book One of Cyborgs: Mankind Redefined (Cyborgs-Mankind Redefined)

Worst epic fail of her scientific career? Falling for a cyborg she helped create. Dr. Kyra Winters never meant for her cyber science discoveries to be used for evil, but that's exactly what happened. Now returning Peyton 313's humanity is the last chance she'll ever have to atone. She can't get back the lost decade, but she can change the present by restoring the cyborg who was once Marine Captain Peyton Elliot. Certainly her grand plan for rectifying her mistakes didn't include madly kissing the confused, passionate Marine when he begged her to. The same scientific mind that constructed the cyborg creator code now warned her not to let Peyton's tempting offers of heaven cloud her rational decision making. Yet it's difficult to resist the cyborg she's restoring when he's also the most intriguing man she's ever known. About the Cyborgs: Mankind Redefined series This is a science fiction and fantasy series that takes place in the not too distant future. These Cyborg romance heroes are genetically engineered military men who have been cybernetically imprisoned after a near apocalyptic global war. The heroine in Book 1 appears briefly in every book as one by one she and her team attempt to restore each soldier's humanity. Each book in the series deals with a different restored cyborg. Each story also contains lots of action and adventure, some violence and language, and hopefully a few laughs along the way.

Here are the next two books in the Cyborgs: Mankind Redefined series, including PEYTON 313 Book 1 of Cyborgs: Mankind Redefined. Similar books to Peyton 313 (Cyborgs- Mankind Redefined) The heroine in Book 1 appears briefly in every book as one by one she and her team attempt to restore each soldier's humanity.
