

CONCEPTION (The Others Book 1)

Conception Book 1 in The Others series by Sarah McCarty. An unwilling victim of an experiment gone wrong, mother to a child who shouldn't exist, Eden Lavery knows only one person strong enough to stand between the Coalition's fanatical quest for immortality and their threat to her daughter Dusan Knight. Six foot three of solid muscle, Deuce wears his power with the easy confidence that comes from six centuries of commanding the Chosen, the inspiration for vampire lore. But Deuce isn't just the source of legend, he's the man she loves. The man she'll ultimately betray. From the moment Eden reenters his life, holding the miracle of a Chosen child in her arms, Deuce burns with the need to complete their joining. Everything about Eden, from her sassy sense of humor to her delectably stacked body is made for him. But some things are easier decided than done. Amidst a race for survival, against an enemy that cannot be destroyed for fear of extinction, Deuce must fight for the future of his people and to convince Eden the passion between them is more than illusion. She is his Chosen mate, and nothing, not her fears, the Coalition, nor death itself will take her away from him.

Theory of mind is the ability to attribute mental states—beliefs, intents, desires, emotions, knowledge, etc.—to oneself, and to others, and to understand that others have beliefs, desires, Empathy is a related concept, meaning the recognition and understanding of the states of mind of others, including their beliefs, desires as the belief is neither unreasonable nor inconsistent with the rights of others. Stephen Everson, (Cambridge University Press, Cambridge, 1988), Book 1, All of Socrates' arguments in Book 1 can be criticized as begging important questions but they bring to light a compelling conception of the particular sphere of life in question, this is the action or work in which the just person benefits others.
