

## Primed Son (Dark Siren Book 4)

Kalis maturity into the warrior she once was could not have come at a better time. Still haunted by his gruesome punishment in Golden Mountain, Rhane is slowly coming undone as the pressure mounts to save this world and preserve the lives of those closest to him. But given a miraculous chance to fix mistakes from the past, Rhane and Kali soon realize that the undertaking may be beyond the reach of even their combined powers. The battle lines have been drawn as evil marches toward their doorstep. But who fights for which side has never been more unclear. And time is running out to separate friend from foe. Torn between saving their family and saving the world, Rhane and Kali are faced with impossible choices and devastating consequences. Because sometimes, a little evil is necessary to protect what is loved most and sometimes, even that may not be enough.
