

## Rich Mans Plaything 2: The Billionaires Touch (Billionaire Bondage Erotic Romance)

Dane Edwards has set his sights on Lucy and he wont take no for an answer. When he sends a car to collect her for dinner, she knows what will happen when theyve finished eating. She knows a relationship would never work, but she wants him enough to put her feelings aside and accept his invitation. Can she really share his bed without wanting more?Contains a dress-tearing billionaire with a talented tongue, light bondage on a four-poster bed and the kind of sex Lucys been waiting years for.This short story is roughly 5,800 words long and is not intended for readers under the age of eighteen.EXCERPTHer heart sank, but then he put the basket down on the floor and strode around to her side of the desk. Why dont you stop pretending, Lucy? You havent forgotten what happened between us any more than I have. He stood there right in front of her, so close it made her heart stutter.The almost-familiar spice of his aftershave fogged her mind and she was left wishing he would snatch her into his arms. She stared up at him into those cold grey eyes that gave so little away. I cant do this.Then allow me.Somewhat, she was in his embrace. There were reasons why she shouldnt get close to him. Shed thought of a whole list of them. But as he pressed his lips against hers, she couldnt remember a single one.Her memory was full of the taste of him. She kissed him back and felt alive again. Stop worrying about tomorrow and take something for yourself. Her flesh remembered him and it wanted more. He crushed her against his chest. She felt the strength of him the sheer size of him. He surrounded her, drowning her in a kiss that made her choice for her.No more fretting about what might happen. She would be sure to lock her heart away, but her body was a different matter. Her body needed his touch and she wasnt going to deny it any longer. Lock the door, she whispered.I already have. Reaching around her, he

pushed the sorting trays and the piles of paper off her desk. It all hit the floor with a crash and she gasped. The computer keyboard went too, hanging down the side of the table by its cable. Doing this in the office was so bad. But she had been fantasising about taking things further ever since their encounter at the casino. Dane backed her up to the desk and she sat perched on the edge of it, looking up at him. His face was flushed, his eyelids heavy. He wanted her. And that was the strongest aphrodisiac of them all. He leaned in closer. Her lips parted in anticipation of his kiss and she strained up towards him. He moved lower. The noise of her pulse was deafening.
