

# The Woman Who Attracted Money: a Robert Chance mystery (Robert Chance Mysteries)

In *The Woman Who Attracted Money*, Steve Chandler has made his exciting debut into crime fiction. Bestselling author and radio talk show host Michael Neill said, "Don't start this late at night because you won't be able to put it down. There's a new Chandler in town and he's written the most entertaining crime thriller I've read in a long, long time. Chandler's suspense novel features ex-cop, Robert Chance and his investigator friend and romantic interest, Madison Kerr. This book is the first in a 12-book series of Robert Chance mysteries, the second of which, *A Crime of Genius*, will be published in June of 2010. Jim Manton, the author of *The Secret of Transitions* wrote: Steve Chandler, one of the greatest personal growth authors in the world, has completely reinvented the mystery genre! Finally an author who has the creative courage to write a gripping suspense novel without dragging the reader through endless pages of low-life sleaze, gratuitous violence or an implausible hero with comic book super powers.
