

## Two Nights in Vegas (Slice of Life Book 1)

Nadine Jordan was a busy executive with a downward spiraling love life and a really bad day at the office. To give her life a bit of jolt she decided to get away for three days and two nights in Vegas. She planned to let her hair down, go with the flow and have a good time. She needed a vacation and was headed off to the City of Sinners to drink too much, be inappropriate and find some bruiser to lick her until she cried for her Mamma. She meets a mystery man that is exactly what she needs to help her regain focus. The trouble comes when the fantasy life steps into her real life. It is up to you, the reader to tell me where this story goes next. Grab a glass of wine, enjoy and I look forward to your input as you enjoy this novelette.
