

## Dark Billionaire (My Billionaire Book 2)

Molly looked out of the window as the world whizzed by. The car was moving fast and the engine growled and vibrated underneath her. Damien sat opposite, and the driver had his own compartment behind a black divider they were in their own little world, with only the blurry buildings and each other to occupy them. Now that she was in the car she wasn't sure if she had done the right thing. She had arranged to meet Jason she had made an agreement that she would meet him and go on a date with him and given him the impression that she was looking forward to it. So why was she here? She tried to think back and discern the specific moment when she had decided that she was going to come. She couldn't. There was no specific moment. It was something else some inexplicable energy that buzzed around Damien.
