

## The Vikings Surrender: A Norse Romance

Mythology and religion. Kingdoms and conquest. Love and war. When Nikolas Drengir walks back into Ingrid's life, it's like seeing a ghost. He's a man now, not the boy she remembered. In the years since she last saw him, he's become the most feared warrior in the Viking lands. Ingrid aches for his love, but fears that he might give it. Can they forge a new relationship together, and in the process preserve an entire way of life?
