

# Roll Me Away: A Smokeys Roadhouse Novel

Sturgis. Half a million bikers, wannabes, and families in a town of fewer than 7000 residents. What could go wrong? Cricket. When my dad persuaded me to take one last vacation with my family after college graduation, he had no idea that I'd just broken up with my boyfriend of two years. That wasn't my only secret. I had a much better reason to agree to be part of Dad's lost-youth, bucket list plan. Half a million bikers? Surely there was at least one who could rock my world by giving me what I needed in bed. Zach From yards away I watched Jake pick up the girl like he had some kind of voodoo power. One minute she was spilling beer all over Pug, and the next she was walking out of the bar with Jake, who'd just, from the look of it, seduced her right there. I was in Sturgis with the Dust Devils to do a job and earn my patch. Not to poach a girl from the Veeps son. But damned if I wasn't going to try.
