

Shifter from the Sea (A Paranormal Shifter Romance Series)

A woman rescued from a storm. A lonely man with a heart of gold. A secret beyond belief. Robert Finnegan is relatively content with his life: trips to the pub near his house and hours out on the sea or quietly reading at home. But this daily routine only soothes his loneliness without curing it. Everything changes, however, when one morning after a terrible storm he hears a woman calling for help. He discovers her trapped on the rocks, bare save for a strange brown cloak wrapped around her, and her rescue begins a strange friendship. Lily is enchanting, mysterious, and above all, beautiful beyond compare. He cares for her, and in return is comforted by her presence in his home, her playful demeanour, and her adventurous spirit. As they grow closer, he finally learns her secret, and the existence of a race he never could have anticipated. If you like unexpected love stories with a hint of mystery, you'll love Lacey Edwards newest shifter romance, *Shifter from the Sea*.
