

## Tainted Desire (Desire Series) (Volume 1)

Kylie Jenkins has lived the past few years fearing for her life. She knows she must do whatever it takes to escape her current situation. With each assault, the injuries she sustains are more severe. She calls upon her childhood friends to help her escape, however it means moving away from everything she loves. Without knowing if she will ever see her family or friends again, she takes off in hopes of a new beginning. Her entire world is turned upside down until she is reunited with her childhood love and things start to look up. Cameron is the type of man she wants to spend her life with, he is fun, sensitive, considerate, and sexy. Unfortunately, for Kylie, her dangerous past seems to be sneaking up on her. Strange things start happening to her, making her feel apprehensive and afraid. Her friends assure her that she is safe, but they start to think Kylie might be a bit paranoid. Will Kylie finally have her storybook romance? Or will her love and desire for Cameron be tainted from the start?
