An original world, real people, and high-stakes intrigue and adventure. Great fun.--New York Times Bestselling Author Patricia Briggs

In Crosspointe, surrounded by a dangerous sea, wild majick surges with the tides as do the fortunes of the royal family. As a minor member of the royal family, Lucy Trentons ability to sense majick is one of her most dangerous secrets. But only one. A blackmailer knows the other. Suddenly, Lucy is caught in a treasonous plot to destroy the crown, and shes trapped in the tentacles of a desperate, destructive majick. Her only hope is ship captain Marten Thorpe, who--by every account--cannot be trusted. With time running out, Lucy must find a way to win a dangerous game or lose everything she holds dear.
