UNIQUE APP RANKING SYSTEM! I have gone through a number of books like this one, and most of them are pretty much the same. This is the one you want. Personally, I will check out any book this author writes about apps because, for some reason, maybe a bad case of OCD, he is obviously compelled to do the most thorough investigation into each and every aspect, good and bad of apps in a particular genre. My hats off to him, and he has my thanks for saving me a ton of time and grief. - Linda Abbott (Reviewer)
