

## Coveted

Discover what happens when a woman stumbles across a Scottish werewolf imprisoned in a thousand-year old dungeon. Magic and mayhem, not to mention a lot of kick-ass action and some sexy hijinks, of course. Pack alpha Aiden vows to do whatever necessary to protect his people. When he discovers a plot to harvest blood from his wolves to create the ultimate drug, hes determined to stop them at any cost. And quickly finds himself taken captive. After months in prison, Aiden barely manages to hang onto his sanity. The last thing he expects is a shapely little human to come to his rescue and bring out all his protective instincts.

Shayla is being stalked because of her abilities as a seeker. When offered a job in Scotland, she leaps at the chance to escape. With danger pursuing her at every turn, she must decide if she could give up her magic in order to live a safe, ordinary life. Never in her wildest fantasies did she expect to find a feral-looking man imprisoned in a thousand-year-old dungeon or be so wildly attracted to him. She didnt need more trouble, but when fate presents the means to help him escape, she doesnt hesitate.

Now they are both being hunted, and Aiden is determined to do everything in his power to protect Shayla and seduce her into becoming his mate. As the danger intensifies, Aiden begins to suspect that Shayla might be the key to saving not only his people but also the future of his race if he could keep her alive long enough.
