

A Cry For Hope (Volume 1)

Hope McAdams life as she knew it ended on the same day that her eight year old sons did. Eight months later shes trying to regain some semblance of normality, while trying to repair her once perfect marriage to a man who was her best friend, but now a complete stranger. Coming to the painful realization that she must fix the hole thats deep within her heart, she goes home to the place that she grew up in hopes that time and distance will heal her wounds and lead her back to the man she loves. Nick Abate is an old friend of Hopes whose heart is also on the mend. Hes home on leave from the Marines, and when he and Hope reconnect, their friendship picks up right where they left off, years ago. They both begin to heal and feel whole again with the help of each other. But when their friendship crosses the line, will Hope be able to forgive herself and move on, or will the guilt that she is harboring once again cause her to slip back into the place that she has just escaped? What happens when two tortured souls place their trust in each other? Will they find their way back to the ones they love or will their hearts remain connected forever?
