The ton sees Daniel as a scoundrel. In truth, like centuries of Bridgertons before him, he leads a vast network of spies, protecting England from her worst enemies. His resolve never to marry means the one woman hes always wanted Lady Annais off limits. Especially now that his fathers murderer is coming after him as well. At first, Anna wonders if Daniel was put on this earth just to annoy her. Its only when she finds him injured that his mask begins to fall away and so do the barriers between them. But their flaring passion puts her right where Daniel didnt want her. Next on a killers list.
