

The Story of the Boeing Company

In the early years of the 20th century William Edward Boeing summed up his new companys mission: To let no new improvement in flying and flying equipment pass us by. And sure enough, in the century since, nothing and no one has outflown Boeing. The Story of the Boeing Company, plane-maker to the world, unfolds on a fittingly grand scale in this book that is at once the history of one company and the story of an industry. Aviation author Bill Yenne follows Boeing from its modest beginnings in 1916 as Pacific Aero Products, with a single two-seater floatplane, to its present lofty position as the largest aerospace company in the world. Lavishly illustrated, it showcases historic aircraft that made the companys namethe B-17s and B-29s of World War II to the 707 jetliner that revolutionized commercial flight; and the mammoth 747 to the B-52 Superfortress that still soldiers on over 50 years after its debut. All the moves and mergers are chronicled. 2nd ed.

The Boeing Company is an American multinational corporation that designs, manufactures, .. It has since become the best-selling commercial jet aircraft in aviation history. Several versions have been developed, mainly to increase seatingBoeing's archives are proprietary, but the company granted photographer Chad Slattery rare access to celebrate its 100-year history. Some are classics othersby Bill Yenne Timber! Theres a reason Bill Boeing started, and kept, his company in Seattle: spruce wood.
