Evelyn is determined to avoid her ex, Zack; she wants to put him completely out of her mind and focus on the important job of making her grades and working for the campus newspaper. When she's given the assignment to cover the next football game--and interview the rising star QB--it's hard not to think that the universe is conspiring to force her to deal with Zack against her will. Zack uses the interview as an opportunity to force Evelyn to give him a chance at one date. Will she give in?
